FACING CRISIS IN HOSPITALS

Situation In Hamilton And Throughout The District Is Becoming Very Grave — Shortage Of 570 Active Beds In Hamilton General At Present Time.

220,000 POPULATION

Patients Are Sent Out Before Their Time — West Lincoln Memorial Hospital Will Bring Relief To This District — Probable Enlargement In The Spring.

A recent report submitted by a joint building committee appointed by the Medical Board of Hamilton General Hospital and the Hamilton Academy of Medicine, is of particular interest to the people of this district, as our readers will note that we are included as an out-lying district.

The Independent is advised that the West Lincoln Memorial Hospital will absorb to some extent the needs of this district, and that in all probability a new wing to raise accommodation to 50 beds will be considered by next spring.

We print herewith some excerpts from the Hamilton report which quite clearly show the shortage of hospital accommodation in that district.

Attracting Notice As Movie Singer

L.A.C. Jack Davis Appears In "Canada Carries On" Series — Grandson Of Eli Davis Of Grimsby.

One of the "Canada Carries On" series just recently released for showing in the movie theatres across Canada, features in the starring role a former Grimsby kiddie.

L.A.C. Jack Davis of Port Colborne is a young vocalist of exceptional merit and his rendition of "That's Worth Fighting For" has received much popular acclaim.

This lad is a son of Alex. Davis for some years widely known through the Fruit Belt as a boxer and wrestler. Grandfather of the singer is Eli Davis, Victoria Ave., a well known citizen who has delivered coal to most of the homes in the district for over 30 years for G. L. Eaton Co. and Niagara Packers Limited.

He Gave His All

Pte. John A. Carlton, son of Mrs. Sarah Carlton, North Grimsby. This lad enlisted in the R.C.M.C. in 1940. Was reported missing at Dieppe in August 1942, later was reported wounded and a prisoner in Germany. In October that year he was operated upon and one of his legs amputated, he did not survive the ordeal and died in December.

All Branches Of The Service Represented

The Navy, The Army and the Air Force are represented in the family of Grimsby's Col. Walter W. Johnson, D.S.O., M.C., Commandant of the Northern Area, Military District No. 2, which extends from Newmarket to the Arctic Circle. Col. "W.W." is a former commanding officer of the Lis-

coln and Welland Regt. (R) and is a veteran of the last war, going overseas as a Private with the 58th Batt. and returning a Captain. Picture shows the Colonel (right) with his son L.A.C. Charles M. Johnson, R.C.A.F., and his daughter, Wren Betty R. Johnson, of the Royal Canadian Navy.

LIONS PREPARE FOR CARNIVAL

The Editor Is In Tobacco Heaven

Between Geo. Kanmacher and Norman Harris This Scribe Is Well Set — One Cigar Is 10 Inches Long.

Once upon a time a soap box politician proclaimed that "what this country needs is a good five cent cigar."

Since the beginning of the war the smoker has been tickled pink to get a hold of a good cigar at any price.

I have been lucky. Last week Walzer Kanmacher presented him with a nice box of House of Lords three-for-a-half cigars and then on Monday Norman Harris the Dynamic Victory Bond salesman brought to his desk a piece of pure Havana tobacco rolled in cigar shape that is a doozier.

This week and a half smoke measures four inches in circumference and 10 and a half inches long. Thanks, Come again Norm.

Century An Hour Says Young 'Spike'

Four Year Old Youngster Just Exudes Health And Happiness—A Real Honest Grimsby Canadian Who Rides A Bike Like A Veteran.

Do you know Young "Spike" Bowen? He's a great kid to know, for he is just the personification of a healthy, care free, happy Canadian youngster. Don't think he is over four years old, stands about two foot two, but he is a hardy chunk of Canadian youth, every inch of him.

He is the effervescent son of Provincial Constable Elmer "Spike" and Mrs. Bowen. If they are not proud of him they should be.

He rides a bicycle, a real beam, "no-wheel" bike, kids size of man. Front wheel brake, rear course. (Continued on page 7)

Important Duties

Major E. B. Scott, M.C.E., son of Mr. and Mrs. Beresford H. Scott, Grimsby Beach, who is one of the seven Ontario officers appointed as members of G5, civil affairs, a new section of General Eisenhower's headquarters expeditionary force staff. Major Scott is an electrical engineer and a graduate of Royal Military College Kingston. He enlisted for active service with the Royal Canadian Engineers on the day war was declared, going overseas in June, 1940.

One Legged Robin

A male robin which lost its right foot and part of its leg when it came to light in a muskrat trap in the marsh here in the spring of 1941 and was looked after for the balance of the summer by members of Edward Hand's family has returned for the fourth season. In 1942 he spent the summer around the Hand home, the family putting feed on a picnic table in the yard for him. The next time he was seen only once or twice, but this year he's around every day, hopping about on his left foot.

Two Nights of Riotous Fun And Frolic Are Promised For Thursday And Friday, July 13th And 14th, At Municipal Grounds.

MANY NEW GAMES

Draw Tickets Are Now On Sale — Major Dave Bell Is The Big Tub-Thumper Behind The Scenes — Rides Will Be Back.

Dinner meeting of the Lions Club on Tuesday night, at the Village Inn was devoted principally to the formation of plans and discussion on their forthcoming carnival which will be held on the Municipal grounds on the evenings of July 13th and 14th.

President Erwin Phelps is in charge of the big frolic as a whole and R. C. Bourne is the chairman in charge of games. Major Dave Bell will be the big tub-thumper this year and the populace can look out for almost anything to happen that will create fun and excitement. Major Dave already has tickets for the big drawing printed and distributed to the salesmen. He also has a lot of other schemes under his hat as you can be assured that there will be something doing every minute.

This year the following prizes will be given away in the drawings which will take place each evening at 11 o'clock:

- (1) — \$100.00 Victory Bond.
- (2) — Lady's or Gent's Suit, made to measure, (Value \$50.00).
- (2) — Lady's or Gent's Overcoat, made to measure, (Value \$50.00).

(Continued on Page 7)

90 At Clinic

Last week's blood clinic, in Trinity hall, dropped a little in blood donors, there being only 90 who gave plasma, this being 10 under the promised 100.

Next clinic will be held on Wednesday, June 28th, when a full quota or better, it is hoped will be present. There will not be a clinic in July but the regular clinic will be held in August.

LUCKY TICKET HOLDER WILL WIN PRIZE HEREFORD HEIFER

At last the great day is at hand. The big drawing that you have been waiting for is about to take place. "Kammy's Kow", that royally bred Hereford heifer so generously donated to the Cigarette Fund by Jack Puddicombe of Winona will have a new owner and a new home come Sunday morning.

Drawing for this prize heifer will take place at Moore's Theatre on Saturday night between the first and second shows. All tickets on sale in Grimsby stores will be gathered up on Friday night. Ticket sales on Saturday will be confined to street sales. All ticket sales will cease at eight o'clock Saturday night, so if you want a chance on this fine young bovine you better get busy.

Tickets have been sold all over the district and last week "Cammy" received a letter from Alex. Millier of Timmins, enclosing a dollar bill and asking that five tickets be sent to him at once. He probably has visions of starting a high class herd of cattle in the North country and would like this little baby for a nucleus. So folks hurry and get your tickets.

CANNING FACTORY WILL USE SPRAYER FOR WASHING FRUIT

Former Grimsby Banker Retires

A. R. Land Leaves Bank Of Commerce After Completing 43 Years of Service.

From word received in Grimsby this week The Independent understands that Mr. A. R. Land, for several years Manager of the local branch of The Canadian Bank of Commerce, is this month retiring from active service with the bank.

Mr. Land left Grimsby in the Spring of 1941 to manage a branch of the bank in Toronto. With his retirement from duty he has completed 43 years' service in banking, first with the Bank of Hamilton and then with the Commerce after the amalgamation of the two institutions.

Grimsby Soldier Champion Uncle

Pte. Clifford Hunt, Despatch Rider In Italy Carries Front Line News For War Correspondents.

With the Canadian Army in Italy, Maj. 31 — Pte. Cliff Hunt, Grimsby, Ont., and L/Cpl. Art McGill, Toronto, won't lack an audience after this war when they start to tell of their experiences — and they've had plenty of the latter.

During a lull in operations recently the two got into an argument as to who had the most nephews and nieces, and it turns out that they're both eligible for the title "Champion Uncle", as the dispute ended in a draw, with each having 45.

McGill's job is to drive war correspondents around the front battle lines. Hunt is a motorcycle despatch driver with the Canadian Public Relations unit in Italy, and so has much to do with the front line news we get today. He runs the news despatches from right under Heinie's nose back to base, where they are censored and ultimately make their way to the front pages of the world's press.

(Ed. Note—Cliff is a son of Sam and Mrs. Hunt, now residing in Brantford.)

Local Hardie Sprayer Firm Build Special Machine For New Montreal Concern—A New System Of Cleansing Processing Product.

A BUSY PLANT

Largest Spraying Outfit In The British Empire Now Working At Vineland — Second One Shipped To Menford — Many Western Orders.

For the first time in Canada a new system of washing fruit and vegetables in a canning factory is being installed in a new plant being erected in Montreal.

It is a sprayer system and works on the principle of a fruit sprayer, so much so that Clarence W. Lewis of the Hardie Sprayer firm has received an order for a machine of this type and it will be shipped to the eastern metropolis immediately.

Hardie Sprayers worked so successfully. (Continued on page 7)

Now Overseas

Pte. Joseph Carlton, North of Mrs. Sarah Carlton, North Grimsby, now overseas with the Grimsby Sutherland Regt. 80th and brother Sgt. James Carlton, another A.P., and a member of the R.C. pillar Club, is a prisoner in Germany.

Mainly For MILADY

Provides Full Wedding Service

How does the cost of being married compare with the cost of being born with first-class hospital service, or of being buried by a first-class mortician? Most people perhaps would assume that marriage costs more than birth or death. For instance, a license is needed to be married but not to be born or to die. For marriage, too, there is a clergyman's fee which is generally expected to be more generous than the fee for burial. Weddings, in fact, for many are an economic nightmare. In New York, however, there is a service that supplies a smart wedding for \$145. For this there's the bride's wedding dress and veil, 50 invitations, six photographs, a 4-course wedding breakfast for 30 guests with cocktails that are not all fruit. The affair is staged in a downtown hotel and the service not only supplies flowers but also handkerchiefs for the bride's mother to weep into, and her father, too, for of course, he is expected to pay for it all.

Silk Worms On Way Out

Silk from wool is now being made in an English laboratory by three chemists connected with the wool industry. First of all, the wool has to be gassed. That is no exaggeration. It is literally passed through a chamber filled with chlorine gas. This makes the wool unshrinkable and not liable to felting. Then the wool is put in a ferment that contains, in addition, the same kind of chemistry as a clothes moth, the juice of a tropical fruit the pawpaw. The result is a fabric that is free from one of the great drawbacks of wool—it won't shrink or tinkle—and, in addition, it has the sheen of silk. "I put on a vest of it," said a woman visitor to the laboratory, "and it might, from the feel of it, have been made from dull, unfinished silk. Yet it has the warmth and stretch of wool." These scientists feel they have something that will make silk worms obsolete and manufacturers of moth balls bankrupt.

Army Nursing Service

Oldest of today's three armed forces nursing services is that of the Royal Canadian Army Medical Corps. The first call for trained women to nurse the Canadian forces came in 1855 during the Northwest Rebellion. Six graduate nurses and four sisters of the Order of St. John answered that plea and proceeded "to the front by the Moose Jaw Trail." Though their service received merited appreciation, it was not until June, 1899, that a general order was issued stating "the creation of a Canadian Army Nursing Service is in contemplation and will proceed at a future date."

The first Canadian nurses went overseas in the South African War in 1899 and returned late in 1902 with their place so well established in the forces that in 1904 provision was made for a nursing reserve of 25 members, which was raised to a permanent corps in 1906. Nursing sisters became recognized as army officers and were given relative rank. This Canadian procedure was later adopted by the United States and within the past few years by the British Army.

During World War I more than 2,000 nursing sisters served overseas and their heroism won them nearly 600 decorations and mentions in despatches. After the armistice the permanent corps of the service was retained and a current registry of qualified women available for active service was set up within the directorate of medical services, Department of Defence. Thus it was that when war broke out in 1939 there was no question of a tedious reorganization and it was but a quick step to mobilize again for immediate action.

Wishing On The Moon

Ever stand in the purple twilight, look over your left shoulder, and make a wish on the moon? Of course you have. Everyone wishes on the moon at one time or another. It's a queer quirk in human nature that we still believe in magic, lucky horseshoes, four-leaf clovers and wishing on the moon. But it would take a lot of wishing on the moon and lucky stars to help us out if there were no price ceiling in Canada... If someone could charge you a dollar a dozen for eggs or a couple of dollars for a pound of butter.

The moon couldn't make your wish come true if inflation had you by the throat. If you had to pay \$4 a pound for just plain everyday beef, as they do in Chungking. Or factory cotton for a bed-sheet set you back \$8 a yard.

Where low grade rice costs 49c a pound, the finer grade 90c and salt 90c a pound. Where a small cake of washing soap costs \$1.40 and a pair of leather shoes \$60. Even the man in the moon would pale at that and turn his face away from the earth in shame.

A Polish woman could find all the lucky horseshoes in Christendom, but they couldn't bring her much luck now, because her main job—that of trying to find food for her family—is such a task that she spends nearly all her waking hours trying to get hold of some. But if she did happen on a lucky day, she might find bread at \$1.30 a loaf (in the black market) butter for a mere \$25 a pound, and soap at \$46 a cake. Outside of the black market she wouldn't see these articles at all.

It would be hard to believe in fairies if you lived in Finland where the bread is 60% potato flour, 25% cellulose (sawdust) and 15% mixed grains. Where an adult doing hard physical labour is only allowed a half pound of beef or pork a month. Where sugar, spices, coffee, wheat flour and cereals are only memories and coffee is made from roasted acorns and burnt barley.

So for Canadian housewives, price control is the lucky talisman that is helping us to be one of the best fed nations in the world, and is keeping our prices to the level where milk, butter, meat, eggs, potatoes and oranges are a happy everyday reality.—Edna Jacques.

Make It Into A Dress

When a man's shirt is so worn at the neck and cuffs that it can't be worn, there is still plenty of material to make a cotton dress or an apron. Where possible, use the buttons or button holes down the front—it saves an hour's work. Two worn shirts of contrasting color can often be combined to make a smart cotton frock for your eight year old daughter.

THE MIXING BOWL

By ANNE ALLAN
Hydro Home Economist

Hello Homemakers: Weddings are lovely to remember. The wartime wedding may have priorities but the graceful aspects have not been restricted. The bride's dress has been left its graceful length and she maintains the right to have a traditional frosted wedding cake.

There is more tea available, but there may be extended and there's lots of bread. Although we may have to skip on the sugar if we make our little cookies and cakes successfully for the wedding luncheon.

Retaining such symbols and atmosphere as seem significant to you, don't hesitate to plan simply for a wedding. Perhaps shortness of notice or uncertainty about leave for the groom, will put anything elaborate out of reach. However, with a general plan of a flexible sort made out, complete with accurate lists of everything from the guests to the punch recipes, everything can go smoothly.

We've been making plans for a wedding luncheon at home and of course these foods are uppermost in my mind to-day.

WEDDING MENU

Chicken Bouchees
Dainty Sandwiches
Small Cakes and Ices
Cookies and Tea
Wedding Cake and Punch

Small Sandwiches: Stretched butter is used; fillings of cream cheese with minced salted beans... minced tongue, pimento or grated carrot, mayonnaise... minced chicken, salt, paprika, cream sauce... minced fried mushrooms, seasonings, suspicion of crumbled crisp bacon... chopped hard-cooked egg, salt, young onion, dressing.

Rolls and Bread: With spread of stretched butter or cream cheese and mayonnaise, well-drained fresh-cooked asparagus, or tuck a small sprig of cress into one end of each roll before serving.

LEMON QUEENS

1/2 cup butter, 1/2 cup sugar, grated rind of 1/2 lemon, 1 tsp. lemon juice, 2 egg yolks, 5/8 cup flour, 1/2 tsp. salt, 1/4 tsp. baking powder, 2 egg whites.

Cream butter, add sugar gradually, and continue beating. Add grated rind, lemon juice, and egg yolks beaten until thick and lemon-coloured. Mix and add soda, salt, and flour; add to first mixture and beat thoroughly. Add egg whites beaten stiff. Bake 20 to 25 minutes in small tin in electric oven (350 Deg. F.)

CREAM CAKE

2 cups, 7/8 cup sugar, 2/3 cup thin cream, 1 2/3 cups flour, 2 1/2 tspns, baking powder, 1/2 tsp. salt, 1 tsp. vanilla.

Put unbeaten eggs in a bowl, add sugar and cream; beat vigorously. Mix and sift remaining ingredients; add first mixture. Bake 30 minutes in shallow cake pan in electric oven (325 deg. F.) Cut in small squares and frost.

CHOCOLATE CAKES

3 eggs, beaten until light, 1/2 cup butter, 1/2 cup sugar, 3 squares chocolate, melted, 1 cup moist

bread crumbs, packed solidly, 3 theps. flour.

Cream butter, add sugar, eggs, chocolate, bread crumbs, and flour. Spread mixture in shallow buttered pan and bake in electric oven (325 Deg. F.) Shape with tiny biscuit cutter and put together in pairs with cream icing between and on top.

The Question Box:

Mrs. J. A. says: Household linens will give longer wear if folded in different ways from time to time. This saves constant creases in the same places. If linen or washable clothing becomes scorched during ironing, soak it at once in cold starch water. Wash again.

Mrs. S. T. says: If an omelet gets "done" too much, transfer it to a platter immediately, make a tomato sauce from a tin of tomato soup thickened with a spoonful of mashed potatoes and pour over omelet.

Anne Allan invites you to write to her c/o The Independent. Send in your suggestions on homemaking problems and watch this column for replies.

HELP YOUR GROCER

"Don't be a plunker." This is the advice given housewives by Byrne Sanders, director of the Consumer Branch of the Prices Board.

"A plunker," declares Miss Sanders, "is a shopper who plunks all her ration books on the counter for the grocer to go through, finding out what a good shopper should know herself. Seven million coupons change hands every business day in Canada. How would you like to be asked five hundred times a day what butter coupons are good?"

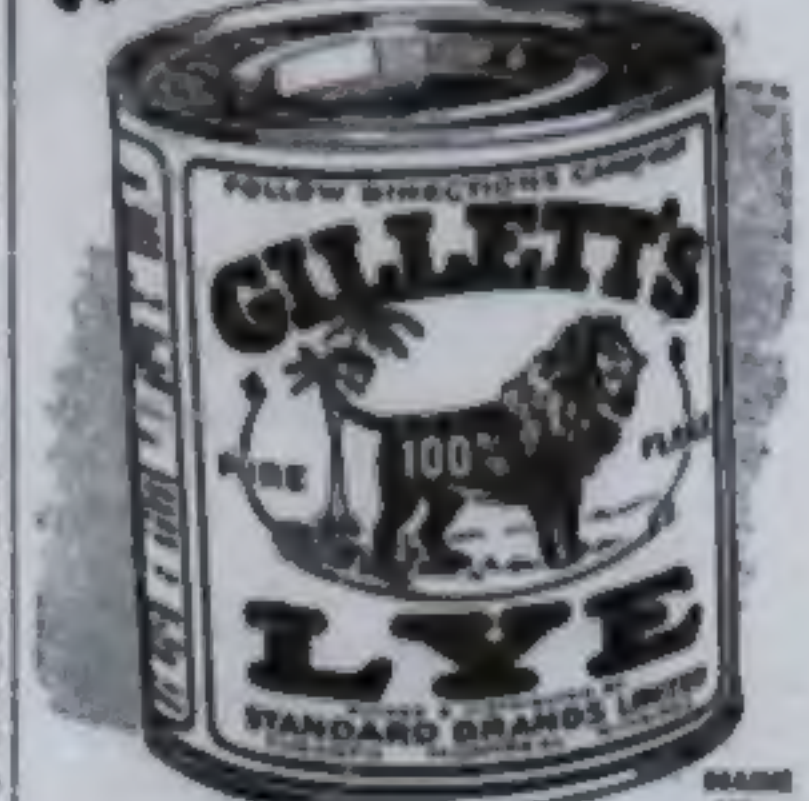

"Women can help greatly by knowing in advance which coupons are valid. Do not complain and grumble because service is slow and you must carry parcels yourself. Remember your grocer has all this to contend with. His produce are controlled, his help is in the armed services or war plants, he has fewer things to sell, he loses half a night's sleep sticking all those loose coupons on tally sheets to turn into his wholesaler, and his delivery truck is wearing out. Check your ration book before you commence your shopping.

MEAT STORAGE
Farmers and others who are in the habit of storing meat in cold storage lockers for the summer months are at liberty to follow this practice during suspension of meat rationing, the Wartime Prices and Trade Board announces. If rationing returns, such meat will be subject to whatever coupon regulations are imposed.

DON'T WEAR YOURSELF OUT!

TAKE IT EASY

with GILLETT'S

The harder the cleaning job, the better Gillett's likes it! Gillett's cuts right in, cuts down on the elbow work, leaves floors spotless, garbage pails sweet, keeps drains free-running. Use full strength for drains and sink pipes, in solution* for cleaning. Gillett's is a tip-top all-around cleaner that lightens all your hard cleaning loads. Stop right now working so hard. Get Gillett's. *Never dissolve lye in hot water. The action of the lye itself heats the water.

SALE! Dollars at Half Price!

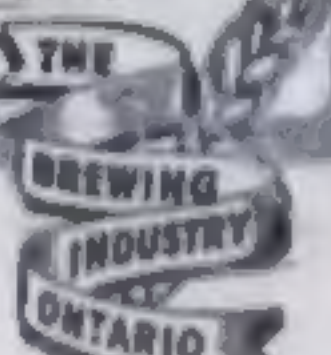

Sounds like a sure-thing bargain. But how many of us realize that in Canada we're getting dollars at less than half the price of other years... at a fraction the price in many other countries to day. Here's what we mean. A dollar is worth as much as it will buy. And to day your dollar buys at least twice as much as it did in the last war. For instance, your 5¢ buys a bar of laundry that cost 10¢ in those days. To day, you can buy the same quality felt fedora for 10¢ that set you back 20¢ then. Truly your dollar is half price since it buys twice as much. Price ceilings and other anti-inflationary measures have kept its value HIGH! And you protect your dollars worth every time you buy a bond... pay off a debt... refuse to hoard goods or frequent black markets. That's how to make dollars count MORE!

Make This Pledge Today!

I promise to give my support to keeping the cost of living down. I will buy only what I need. I will observe the ceiling whether buying or selling goods or services. I will pay off old debts, save for the future, invest in Victory Bonds and War Savings Certificates. And I will support taxes which help lower the cost of living.

Keep Your Dollar Value High!

Published by THE BREWING INDUSTRY (ONTARIO) to help correct the damage that inflation represents for all the people of the Nation.

Biscuits that melt in your Mouth WITHOUT BUTTER

MAGIC'S HONEY BISCUITS

2 cups sifted flour
1/2 tspn. salt
1/2 cup shortening
3 eggs
1/2 cup honey
1/2 cup milk (scalded)
1/2 cup grated lemon rind, if available

Sift dry ingredients together. Cut in shortening until mixed. Combine 1/2 cup honey with milk; add to first mixture. Knead on lightly floured board enough to shape into smooth ball; pat 1/4-inch thick. Cut with floured biscuit cutter, place on baking sheet and bake in hot oven (450° F.) 12 to 15 minutes. Mix remaining honey with lemon rind and drizzle over tops of biscuits just before removing from oven. Makes 14.

Capt. A. W. Appleton of Toronto was a weekend visitor in town.

Miss Mary Denega and Miss Mary Beremik of Toronto spent the weekend with Mrs. Stella Konoposki.

Mrs. Alfred LePage (Aileen Smith), has received her discharge from the C. W. A. C. after two years' service.

Miss Beulah Marsh has returned to Toronto after spending two weeks with Mr. and Mrs. Albert Marsh, Robinson Street.

The Brownies troop of the Girl Guides, 25 strong, had a hike to and through Grimsby Beach on Saturday afternoon.

Mrs. V. Wood of Hamilton, visited with Mr. and Mrs. W. Hoebe, Depot Street, on Tuesday, and called on other friends in town.

Mr. and Mrs. A. W. Mickmeyer have returned from Boston Mass., having spent the past ten days with their daughter and son-in-law, Mr. and Mrs. Gilbert Ryerson.

Staff-Sgt. Geo. Warner, has been on special duty at Kingston for the past six weeks. He is now back on duty at Brampton camp.

Mrs. Elora Phipps of Toronto has returned home after spending a week with her two daughters, Mrs. Clyde Alway and Mrs. Ken Nelson, Grimsby Beach.

Peter Phelps, St. Andrew's ave., celebrated his 12th birthday on Thursday last by entertaining a number of his boy friends at dinner and a theatre party.

Cpl. Robt. McClelland from the Clovis Army Airfield, of Clovis, New Mexico, is spending a few days with his parents, Mr. and Mrs. John McClelland, Grimsby Beach.

Miss Elsie Mason and Mrs. Edward LePage will be attending the Annual session of the Rebekah Assembly to be held in the King Edward Hotel, Toronto, the week of June 10th.

The final clinic for the inoculation for diphtheria and vaccination for smallpox will be given on Tuesday, June 13th at the public school. Mothers are requested to be there at 9 o'clock sharp.

A message of congratulation from Their Majesties King George and Queen Elizabeth of England was received by Mr. and Mrs. Jacob Upper, of St. Ann's, on Sunday, June 4, the occasion of their 60th wedding anniversary.

An Invasion Prayer service was conducted in St. Andrew's Anglican church on Tuesday evening by Rev. E. A. Brooks. The service was largely attended by citizens from all walks of life, organizations and denominations.

On Tuesday, June 6th, the 26th I.O.O.F. Browline Pack held their last meeting of the season, at which Miss Walsh, Divisional Commissioner, presented the following four Brownies with their Golden Bars: Dorothy Culp, Leta Harrison, Vera Konkle and Dorothy Gams.

Nuptials

KONKLE—BOYD

A quiet wedding was solemnized on Saturday afternoon, at 4 o'clock, at the home of the bride's parents in Grimsby, when Rev. W. J. Watt united in marriage Edith Louise, daughter of Mr. and Mrs. Charles Stewart Boyd, and Mr. Carmon Angus Konkle, Hamilton, son of Mr. and Mrs. Alexander Konkle, Beamsville.

The bride, given in marriage by her father, wore a two-piece aqua frock with a small white-flowered hat and shoulder veil. Her arm bouquet was a cascade of gardenias intertwined with tulips. The attendants were: Miss Isabel Pickett, in dusty pink, and Miss Norma Jarvis, in pastel blue. They carried nosegays of tiny rosebuds, pansies and spring flowers. Mr. Murray Coombs, Watford, was groomsmen. The wedding music was played by Miss Glenna Farrell, and during the signing of the register Mr. Harold Jarvis sang "All Joy Be Thine."

Mrs. Boyd received the guests wearing a willow crepe gown with corsage bouquet of wine and purple sweet peas and lilies-of-the-valley. Assisting, the groom's mother was attired in flowered silk jersey and she wore a corsage bouquet of pink roses and fern.

The couple left on a motor trip through Northern Ontario. The bride travelled in a t-towered suit of Wedgewood blue, with bronze accessories. On their return they will make their home with the bride's parents, 83 Main street east, Grimsby.

MORRILL—McMANE

In St. John's Presbyterian Church, Grimsby, on Saturday, June 3rd, the wedding was solemnized of Fern, daughter of Mr. and Mrs. Lorne McMane, and John W. Morrill, son of Mr. and Mrs. J. W. Morrill of Winona, with Rev. I. B. Kalin, officiating. Given in marriage by her father, the bride was gown in white satin, with a long lace-trimmed veil held in place by a coronet of Orange Blossoms and Lily-of-the-Valley. She carried a spray of Calla Lilies.

Mrs. M. Gunning, sister of the bride, was matron of honour, wearing a gown of Orchid chiffon and matching headdress. She carried a nosegay of mauve sweet peas and yellow roses, with lily-of-the-valley. Miss Grace Mason was bridesmaid. Her gown was pink sheer, with matching headdress. She carried a nosegay of pink roses, sweet pea and lily-of-the-valley.

Mr. Reginald Morrill, brother of the groom, was best man. Usher-ing were Messrs. John Tyles of Smithville, and L. A. C. Gilbert Granger, Hamilton.

White snow-ball, spirea, and lilacs decorated the church, and Mrs. M. Twesey played the wedding music. Miss Mary Quinn sang "Through the Years", and Mr. Jack Firth sang "Because".

At the reception, held in the Village Inn, forty guests were regaled by the bride's mother, who was attired in a two-piece frock of navy and white sheer, with white accessories and wearing a corsage bouquet of yellow roses. The groom's mother wore a gown of turquoise pebble crepe, with white accessories, and a corsage of Briarcliffe roses.

The couple left on a wedding trip to Lister, the bride travelling in a teal blue wool suit with white and blue accessories, and wearing a corsage of pale yellow roses.

They will reside in Winona.

Invasion Service

Special Services for our soldiers were held in St. Mary's Ukrainian Catholic Church on D Day at 9 p.m. Father Lesluk OSEB officiated. Father Nicholas Kohut OSEB, Superior preached the sermon in which he exhorted the faithful to pray for a successful outcome of the Invasion until final victory is won. The Basilian Fathers' Choir sang the responses.

On June 7th a special Low Mass was also celebrated for the same intention. Mothers who have their sons overseas attended.

Weekly Editor Likes Our Lawns

(Elora Express)

Driving through the "garden of Ontario" last Thursday evening we were particularly impressed with the beautiful lawns in that part of the country. We have seen some and lovely lawns in Elora but the grass on those lawns, in and around Grimsby and all along that highway, seemed like velvet and were greener than anything we have seen for many a day.

Wistaria draped its lacy denises over old verandahs and although blossom time in the Niagara Peninsula was well past, one could see that a scant week ago the prom-

of a fruitful harvest in that section of the country must have been a beautiful thing to see.

Obituary

MRS. MARY STURCH

Mrs. Mary Sturch, widow of Andrew Sturch and a resident of North Grimsby township for most of her life, passed away at Gravenhurst on Wednesday last in her 77th year. She had been residing with friends at Gravenhurst for the past five years. Surviving are two brothers, John and James Monaghan, Grimsby.

Funeral mass was held in St. Joseph's Church on Saturday morning and in'ment was in Queen's Lawn Cemetery.

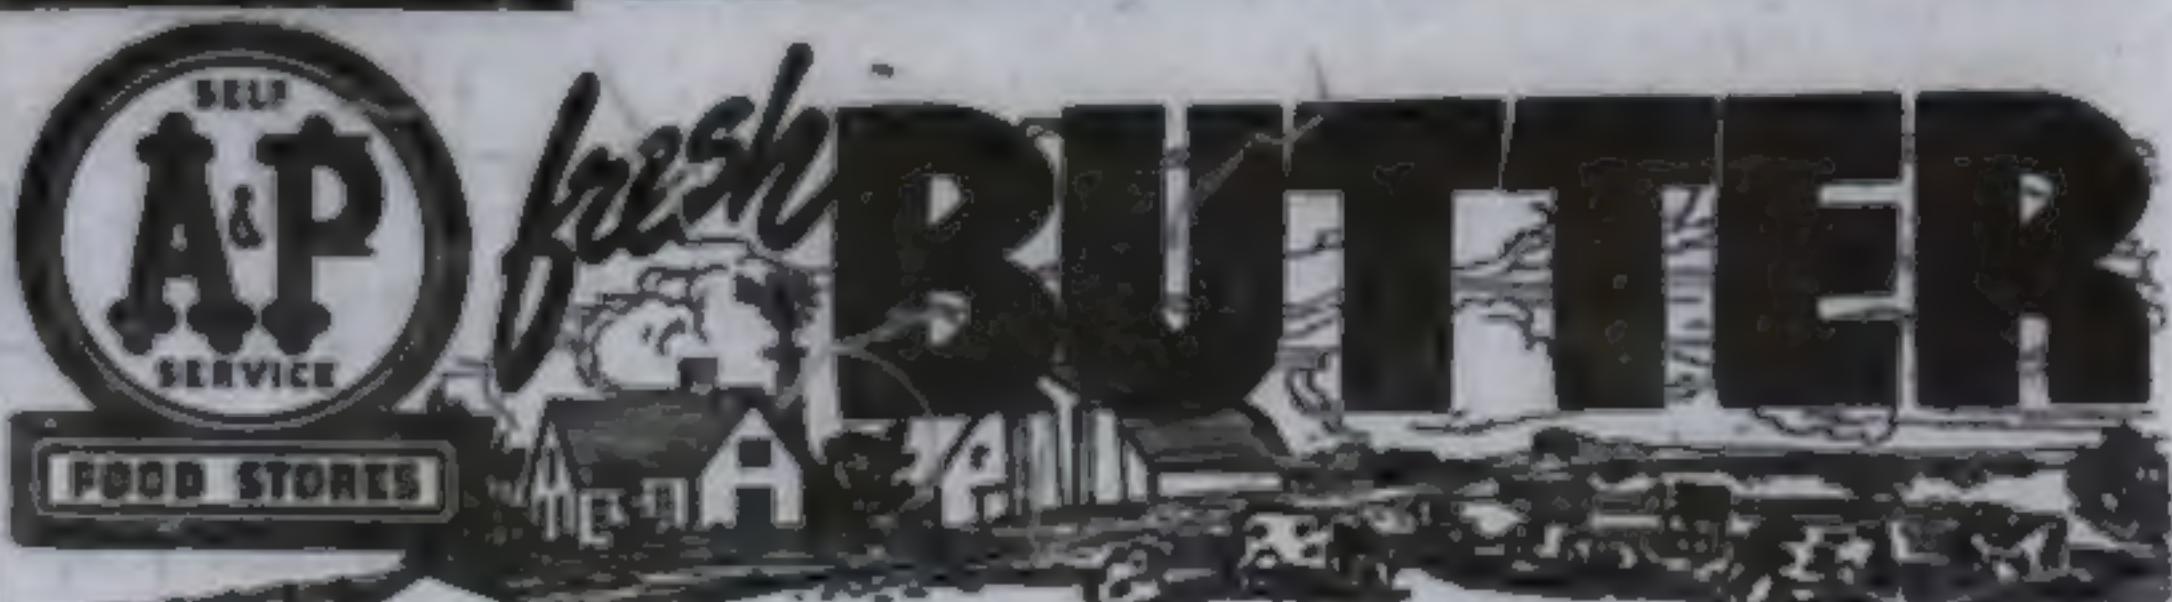

Casket bearers were James Monaghan, John Hurd, Charles Seley, Peter Graham.

HERBERT W. BARR

The death occurred in Hamilton on Wednesday night last of Herbert William Barr. Deceased had been born in North Grimsby, the youngest son of the late George Huntingdon and Ann Barr, pioneer residents of the Ridge Road west. He had resided in Hamilton for the past 21 years.

He was a member of St. Mary's Anglican church, Bartonville. Surviving are two sisters Miss Emma H. and Miss Ida Mary of Hamilton.

Services were held in St. Mary's church on Saturday afternoon. Interment being in St. Andrew's cemetery, Grimsby.

Royal Interest In Our Paratroopers

Airborne packs of Canadian paratroopers were a major point of interest to Their Majesties and Princess Elizabeth when the Royal Family visited Canadians in the thick of pre-invasion manoeuvres. Canadian Army Overseas Photo.

EDGECOMBE KNITWEAR REG'D

(The Hudson Bay Store)

FRUITLAND — ONTARIO

Dear Mrs.

Having recently purchased the business from our good friends, Mr. and Mrs. Crosbie, we would like to take this opportunity of extending to all customers of this store a sincere invitation to visit us. We will be more than pleased to show you the latest lines of quality merchandise recently received.

It is our intention to conduct our business in the same manner as in the past realizing that during the past several years the store has acquired numerous friends. All the lines previously carried will be continued and some new lines added.

We would at this time particularly point out to you that some of the smartest lines of Lingerie, Hosiery, Dresses, Suits, Blouses, Gloves, etc., that are possible to buy are included in the new merchandise. Our expert buyer is continually in the market seeking new styles in quality lines and we are confident of satisfying the requirements of a discriminating customer like your good self.

Cordially,

Edgcombe Knitwear Reg'd.

Cubbing

In the absence of Albin, last Friday's meeting was taken by Baloo and Bagheera, ably assisted by the two Scout

Instructors Doug, Alton and Don Mogg. During the instruction period, the Sixers and Seconds studied the Semaphore while the Tenderpads worked on One Star Tests.

An Animal Treasure Hunt, in which the Sixers imitated various animals, proved very exciting, while another game, The Hidden Jewels, caused a lot of fun.

A hearty sing song was enjoyed by the Pack after which the meeting was closed with the Mouse Howl led by Dick Tracy.

Navy League News

Today is over. One never saw so much work put into a collection before—thanks to Archie Chivers and his hard working committee and Taggers. A grand total of \$300.00.

The Royal Canadian Sea Cadet Corps Band came to educate us in the type of instruction that is being given throughout the British Empire. All voluntary work. The Band was 29 strong under Lieut. C. C. Thomas. It was their second outing. 15 to 17 years. Some have only been in the band three months. Of course they must learn everything that a sailor is taught.

The Lieutenant, who is a choirman and organist, gives two nights weekly to instructing these cadets. They are definitely a credit to his work and their Commander, Lieut. T. H. L. Gallagher.

Our best thanks to the ladies of the Women's Institute, and Mothers' Club, who, under the guidance of Mrs. George Warner, so splendidly catered to the wants of these hungry lads. They were so grateful, that, after their Lieutenant had paid tribute to the ladies for their work of love, they nearly blew off the roof. (Just ask the Editor!) Mrs. Bantley at the piano was indispensable.

The Girl Guides from Grimsby, Beamsville and Fruitland formed a Guard of Honour in front of the Post Office, and Commissioner Miss Walsh, Capt. Nina Cret and her officers deserve all praise.

The Sea Cadets were received by the Mayor supported by Capt. P. V. Smith.

Falling a Community Hall we had to appeal again to our friends the Freemasons for the use of their hall.

As usual Mrs. Beanie Moore must do her share in the good work. In spite of the theatre being full, room was actually found for 10 or 12 lads who had to wait an hour or more. Thank you Mrs. Moore.

We are grateful to those gentlemen who kindly helped with the transportation of this big band. Transportation is now a serious difficulty.

Eastern Star

The regular meeting of Grimsby Chapter No. 195 O.E.S., was held on Tuesday evening, June 8th, in the Chapter rooms. The Worthy Matron, Mrs. Frank Hitchman presided, assisted by Mr. Lawrence Hysert, Worthy Patron.

Grimsby Chapter was pleased to welcome as guests, a goodly number of members of Dorcas Chapter from Smithville.

One new member was received into the Chapter by conferring of degrees.

The convener of the entertainment committee, Mrs. Frank Anderson, reported that a Strawberry Social will be held at the Chapter rooms on June 20th.

At the close of the meeting the benevolent committee conducted a raffle. Mrs. J. H. Culp was the winner of an afghan, and Mrs. Arlie Clark won a quantity of Hot House Tomatoes.

Refreshments were served by Mrs. Sam Harris and her committee.

Lions Club

One minute's silence was observed by Grimsby Lions at their dinner meeting in The Village Inn on Tuesday evening.

for the boys and girls on the battle fronts and the worried mothers and families throughout the Empire.

Lion P. V. Smith presented a draft copy of an agreement to be entered into between the Club and the Board of Education re the instruments recently presented by the Club to the High School Cadet Corps.

Lion Harold Matchett was instructed to take the necessary steps for the incorporation of the Club under the laws of Ontario.

The Eskimo came to the fore in Lion "Buddy" Globe, when he suggested that the Club purchase two sets of bagpipes to be used by the Cadet Corps bugle band. Club will do so.

This meeting was the last of the 1943-44 semester. Next meeting, on June 20th will see the newly

elect officers installed. Charles A. "Dad" Farrell will be the president next year.

TO AN UNKNOWN CAT

Dear pussy with the pansy face, Fat cuddly body, lithesome grace, Why can't your mistress keep you near When nesting time of birds is here?

Today I heard a feeble cry. A baby bird, too young to fly, Was fastened by your cruel jaws, Lay torn and bleeding 'neath your claws.

And yesterday, in rosy dawn, I saw you slinking o'er the lawn. Soon, by the feathered panic heard, I knew you'd caught another bird!

Not far nor long had I to search, You dropped her by a budding birch, A mother goldfinch, in the mud,

Her sunny feathers stained with blood.

There seems so little I can do To keep my fledgelings safe from you. My birds so beautiful, some tame, To you are merely jungle game.

Dear pussy, can't your mistress soo The worry that you are to me, (Who love the birds; their songs sublime) And keep you home through nesting time?

A newspaper clipping of 26 years ago states:

My Tuesdays are meatless, My Wednesdays are wheatless, I'm getting more catless each day.

My house it is heatless, My bed it is sheetless, They're all sent to the YMCA. The bar room is treatless, My coffee is sweetless,

Each day I get poorer and wiser. My stockings are footless, My trousers are seatless, My gush, how I hate the Kaiser.

SPORTOLOGY

By James Livingston, Sportologist

"ON DEATH, WHERE IS THY STING?"

This column wishes to extend to Roy St. John, its most tender and heartfelt sympathy for what he will have to go through in the days to come. Sherman said "War is Hell". Hitler has proved that statement. But what Roy is going to suffer will be worse than anything that either Sherman or Hitler ever suspected. James "Elfrida" Dunham has severed his connection with the Metal Craft and gone to work for the Quality Meat Market. He will be a working mate of that Man of Few Words, Oliver Oliphant Shaw. Jimmy being a man, who, in his youth, was vaccinated with a gramophone needle will make a good partner for Oliver, but what about poor Roy. Our advice to Roy is to immediately procure a couple of sets of sound-proof ear drum protectors, for without a shadow of a doubt, the flow of words around that butcher shop in the future will be enough to send any Minister of the Gospel out on a three months' binge. There will be many a day that Roy will curse Webster for ever compiling the dictionary.

Last reports from Johnny Vooges, the one-man St. Joseph's team, is to the effect that he can lick any other one-man team in the league. No holds barred. . . . It won't be long until the fiery tribe that infest the northern waters around Dunchurch, will be seeking their hiding spots. Little Whizzer and Helen are due to leave for the bush on or about the 25th of June. I have wired the editor of the Dunchurch Fish Monger as to piscatorial conditions and expect a reply any day. I just want to know how the fishing is in that district before the Whizzer gets there so that if he comes back with any tall tales about no fish being in the lakes, like last year I, can give him an argument. . . . Just a reminder to you beautiful things called ladies, that you have two more weeks in which you can try and set up a high score and a high triple score. For each of these efforts The Bowlaway is giving the winner a lovely china Cup and Saucer. You can be assured that they will be of the choicest selection because Helen is doing the picking. You still have time to duck in and bowl a few games and take a gamble on winning this week's crockery.

Men's Bowling league wound up their too long a season this week. Eight teams went into action in the playoffs on Monday night. Unfortunately the first set of play-downs did not finish without a squabble. Black Cats and Wonders got into a jangle over the question of whether the Wonders should have used their sixth player. I am not going into the argument any further than to state that rules are rules and any team that does not want to live up to them should be given the merry old heave-ho out of the league. Black Cats clawed their way to a win in the first game by a cool 100 points. In the second frame the Wonders came back strong and copped by 66 points. The third stanza was a dilly with both teams rolling over a 1,000 to give the Wonders the game by the slight margin of six.

Little Whizzer Kanmacher led his ferocious Pirates into battle against Doug Barthel's red hot Gas House aggregation and this set of games produced plenty of excitement and frayed nerves. The Gas House made no mistakes in the first inning bowling a total score of 1102 to win by 182 points. Pirates scuttled the Gas boys in the second tilt when they hit a high of 1160 to win by 48 points. In the third

casto the Gas crew led at the finish by an even 100. Pirates rolled a triple score of 2965 but the Gas House beat it nicely with a 3229.

Buffalo Bill Allan and his Pony Express got ambushed somewhere the other side of Denver and Bill Sullivan's Generals are accused of the dirty work. The army named team went to town in two straight games, taking the first with a margin of 81 and the second by 57 points. Art Forester and his scissor wielding Barbers sunk the one-time famous champion Highway team in nifty fashion in two games. They won the first by 147 and came back fast to grab the second by 52 points.

Next Tuesday night the Men's League will hold their banquet at the Village Inn. Thanks to Little Whizzer all the proceeds from games played on the alleys on Tuesday night, with the exception of the pin boys' wages, will be donated to the Cigarette Fund. Girls, get busy. The alleys will be free of males and here is your chance to have the alleys all to yourselves and at the same time help out the Cigarette Fund.

Semi-finals of the play-offs were completed on Tuesday night. In the first set of games the Gas House boys gave Bill Sullivan and his Generals a whopping from the word go. In two games the Gasers rolled up a score of 2284 as against the Generals 1941. Poor Percy Shelton had one of his bad nights again, only gathering himself 553 points in the two games. In the second series Art Forester and his barbers were stacked up against the Wonders. Art took the blinkers off his lads and they breezed two frames in sensational time to send the Wonders back to Wonderland to wonder what happened. The lather slappers were really howling, taking the first game by 156 lengths and the second race by 106. This brought the Barbers and Gas House to, other in the finals, which were played last night.

All he-male bowlers are reminded that the big fight across the banquet tables of the Village Inn, on Tuesday night next, commences promptly at 2.15 o'clock. If you don't want to miss any of the soup, squash or candied yams be there on time.

The Swift training rifle shown above, developed for the purpose of teaching recruits how to shoot, is a device designed in Canada and used solely by Canadians. The muzzle of the rifle is within an inch of the target and when the trigger is squeezed a little arrow pierces the target and shows just where the recruit was aiming. The instructor can thus accurately determine if the recruit is tilting the rifle, aiming incorrectly or 'pulling' the trigger. It has proven a valuable training aid and while it looks as if everyone should hit the bull from such close range, the bull corresponds to one at 25 yards. These pictures were taken at the Prince Albert training centre, commanded by Lieut.-Col. F. Thompson. Picturing out features of the rifle is C.Q.M.S. A. M. Mackie, Saskatoon. (Canadian Army Photo).

BAKER'S -- MILLYARD'S -- RUSHTON'S

Five Cents A Copy

The Milking Stool

Another Symbol of the HARD WAY Becomes a Relic

One by one the time-taking, tiring and tiresome hand labor chores of the farm have been eliminated by a machine that does the work easier, quicker and more profitably.

The milking stool for instance has long been a symbol of the hard way to do a job. But more and more dairymen are spending less time on milking stools now. Shortage of help and pressure of work have emphasized the value of using machines instead of muscles wherever possible, and dairymen have found the answer in the mechanical milking machine.

Because the purchase of a milking machine saved them hours of time and labor, thousands of dairymen have been able to carry on and benefit from the great demand for dairy products in recent years. "Hand milking" is out for them now that they have experienced the comfort and convenience of a mechanical milker.

In the progress that Canadian agriculture has made in improved methods and practices, equipment engineered and manufactured by Massey-Harris has played an important part. Among the time and labor saving machines your local Massey-Harris dealer has to offer is the Rite Way Milker. Make it a point to ask him for full particulars.

CENTURYAN HOUR

wheel brake, head light and a whole lot of other accessories. And can be ride that vespede and do circus stunts on it. He told The Independent the other day that he could make a 100 miles an hour. We think "Spikes" was out about 65 miles on that statement but the way he splits the wind at five miles an hour he probably thought he was doing a hundred.

Gentlemanly, smiling, but always busy at one thing and another and always on the move. It's dimes to doughnuts that he never has any trouble going to sleep at night. He's a great kid, but thank God, Grimsby has been fortunate in having a lot like him in the past and have a lot like him today.

CANNING FACTORY

consistently in Western Canada last season in the spraying of cattle on the ranges that Mr. Lewis has received several large orders for machines for delivery this year and next. He is leaving for Maple Creek, Sask on Friday night to attend a convention of cattlemen and will go from there to Calgary to attend a convention in that city.

Last spring the local firm assembled and delivered to Arthur Smith of Vineland the largest spraying outfit in the British Empire. This week a machine of the same size and capacity was shipped to an apple grower at Meaford for use on his 210 acres of apple orchards.

John Lewis for many years connected with Gledhill and Ingelhart in the garage division has severed his connection with that firm and joined the local Hardie organization.

from surrounding districts and thus the population we have to look after at the present time is 230,000. Our active bed capacity at 6 per 1,000 should be 1,380 beds. There are only 750 active beds in Hamilton. There is a shortage therefore of 570. We have no convalescent beds and there should be 132. Chronic and incurable patients are being taken care of by using space in the isolation hospital, in the Mountain semi-private unit, and some in the Home For the Aged and Infirm, where there are no hospital facilities. Some of these cases also are occupying beds in the General Hospital which should be active beds. The accommodation of about 400 beds is urgently needed for this class of patients. Thus, to meet our present needs, we must provide 570 active beds, 132 convalescent beds, and 400 chronic and incurable beds.

"Dr. Miles G. Brown, in the last annual report, stated emphatically that a building program should be outlined immediately and commenced with the least possible delay."

"There is no reserve of beds at the hospital to take care of any large or serious accident that might come along."

"Perhaps the most significant item is the fact that the days' stay of a patient in an active bed is only 10.4 days. Patients, therefore, are moved out before their time in many cases, and yet despite this, there is a large waiting list for admission. Over 22,000 patients, one in every eight of our population, were admitted to the General Hospital last year."

Paper Containers

Doing A War Job

The time was, and not so very long ago, when a paper box was merely a container designed to convey its contents to destination without scuff or breakage.

Paper containers, in addition to their hundreds of well known uses for military and civilian purposes, have also been designed for the following uses:

1. To be thrown overboard for landing operations, floating to shore or sinking to the bottom to be recovered at low tide.

2. To provide protection for medical kits, Blood Plasma, emergency rations, gas masks and for hundreds of Naval, Army and Air Force uses.

3. Paper parachutes, strong enough to convey to earth precious food and supplies for isolated men and units, are now in use on many fronts.

4. Containers made from treated paper capable of forming a package liner that will contain and hold high volatile solvent vapors such as naphtha and benzine.

5. Treated paper electrical conduits are replacing metal and wood.

6. Paper containers for shells, grenades, fuses, etc.

7. Paper containers for dehydrated foods, saving the cargo space of a ship. Beef, potatoes, eggs, milk, etc., when dehydrated and compressed and packed in paper containers (cartons), means a saving of about 85% of cargo space.

8. Paper containers for canisters are used for transporting powder in shell-filling plants, the T. N. T. tubes and shell components.

9. Ack-ack shells, airplane propellers, bombs, require paperboard containers.

The Millions of these Paper Containers sent overseas cannot be returned for re-use. Save all your paper containers, newspapers and magazines.

METAL CONTAINERS

Apple sauce, beef and mutton, and beans with or without pork or tomato sauce have been added to the list of fruits and vegetables which may be packed in tinplate according to L. F. Burrows, administrator of metal containers for the wartime Prices and Trade Board. Additional sizes of cans have been provided for a number of products, and packing quotas have been increased in some instances.

"The new order is designed to provide for maximum pack in 1944," Mr. Burrows explained, "and allows for some reconversion to metal containers since the glass, wooden and fibre container industries are unable to meet the current demand."

New Bulletins

The Fruit Branch of the Ontario Department of Agriculture announces the issue of an interesting and valuable series of bulletins dealing with the growing of fruits in Ontario. One booklet on Currants and Gooseberries, prepared by W. J. Strong, and another on "The Grape in Ontario" by C. H. Kelly, both of the Horticultural Experimental Station at Vineland, Ontario, constitute revisions of former booklets, with additional material on growing these fruits and brought up to date as to varieties and cultural practices. These two booklets are available on request to the Statistics and Publications Branch, Ontario Department of Agriculture, Toronto.

Two other booklets of an exceptionally timely and valuable character have also been prepared at the Vineland Experimental Station. One of these, on "Orchard Soil Management" has been prepared jointly by E. F. Palmer, Director of the Station and J. R. VanHaarlem in charge of soils and laboratory work. This bulletin is profusely illustrated and contains a fund of the latest information on soil management for orchard purposes. The other, entitled "Orchard Grafting" by W. H. Upshall, chief of research at Vineland, is also well illustrated with photographs and diagrams showing the most approved methods of grafting of fruit trees. These two booklets have been warmly commended by all fruit growers who have seen them and they are in great demand.

An old-timer is the one who can recall when it didn't cost so much for a fellow to have a good time.

The Effect of the "HOURS OF WORK AND VACATIONS WITH PAY ACT 1944" ON BUSINESS AND INDUSTRY IN ONTARIO

ON JULY 1st, 1944, the "Hours of Work and Vacations With Pay Act, 1944" becomes effective in the Province of Ontario.

While it is the purpose of this Act to provide improved conditions for all workers employed in industry in this Province, it will be obvious that the provisions of the Act cannot be permitted, at this time, to interfere with the output capacity effort required in producing material for war.

The Industry and Labour Board, which will administer the Act, therefore, considers, in view of the present acute manpower shortage and the vital demands of war, that the application of the Act should be postponed and working conditions in force at present should not be arbitrarily changed.

The Board therefore authorizes the continuance of Existing Working Hours in all industries operating on priority War Material in the Province of Ontario.

Industries engaged in Agriculture, Horticulture, Fishing and the Production of Foods and Farm Products; Dairying Industries including cheese and butter; Firms engaged in the building and upkeep of roads, construction, transportation, textiles and other undertakings which can be considered essential to the full maintenance of the war effort, shall be considered in the category of War Industries insofar as their present working hours are concerned.

Preparation of the groundwork for the operation and application of the Act will go forward immediately but the Industry and Labour Board wishes it to be understood that these preparations will not be permitted to interfere in any way with existing working conditions in vital industry as long as the present crisis exists.

HON. CHARLES DALEY
Minister of Labour

Children's Shelter Sold To The City

County Gets \$4,190 For Its Share Of The Building — Grant \$10,000 To Niagara Sanatorium.

Lincoln county council last Tuesday accepted the offer of the city of St. Catharines and sold to the city the county's share of the property on Eastchester avenue formerly used as a children's shelter.

The city's offer was to buy the county's share — 52 per cent — for \$4,190.40 on a valuation of \$8,000 for the building and grounds.

After council had made its decision, they were visited by a delegation from the Canadian National Institute for the Blind which was interested in securing the property to convert it into a residence for the blind persons of Welland and Lincoln counties. However, council adhered to its earlier decision to sell its portion.

The council also approved a grant of \$10,000 to the Niagara Peninsula Sanatorium. The money will be the county's share, according to population, of the cost of a building extension program to enlarge the accommodation of the sanatorium.

During 1943, in industries in the United States, 18,400 workers were killed, 1,700 totally and permanently disabled, 108,000 permanently crippled and 2,225,000 others temporarily laid up an average of 15 days each.

Announcement

I have accepted agency for Spirella foundation garments in this district.

I will give individual service in your own home. No obligation on your part.

For appointments, phone 115.

Saved From Death By Starvation

"Big" Rush Rescued Ye Editor From Desperate Plight With Fine Mess Of Yellow Pickeral.

Last week the pangs of starvation were tickling the ribs of Ye Editor. The situation had reached a point of desperation. So desperate in fact, that he was just one move from holding his old shoes for soup.

Then there came Manna from Heaven, in the form of Clarence Rushton, who brought much needed food in the shape of a large mess of Yellow Pickeral from the cold waters of the North country. "Big Rush" sure saved a life.

"Rush" accompanied by Watson MacPherson, Les Larsen and Rufus McNinch spent most of last week fishing on a lake in back of Callender and each one brought home a full complement of Pickeral as well as several fine pike weighing in the neighbourhood of eight and nine pounds.

Children's Aid Has 252 Wards

Twenty-four Are British Child Guests — 53 Unmarried Parents Cases Reported Last Year — Many Foster Parents.

Members of the St. Catharines and Lincoln County Children's Aid Society met for their 44th annual meeting on Tuesday of last week.

Lloyd S. Richardson submitted the superintendent's report. He said that children's problems are becoming increasingly complex. To meet them new techniques have had to be devised. "We believe," he said, "that very child should have health, love, training and examples of devotion and honesty to follow. The time to tackle the problem of neglect is before the family has declined too far from reasonably normal social standards."

The number of admissions increased during 1943, from 74 to 126. There is now a total of 252 children in care, including 24 British child guests. The bulk of the new admissions consist of children placed in adoption homes and short time placements for children whose parents were unable to find proper

BREVITIES

EVENTS and TOPICS of the WEEK in TABULAR FORM

Town council meets next Wednesday night.

Township council meets on Saturday afternoon.

Time is getting short to get your ticket on "Kammy's Kow."

James Dunham is now on the staff of the Quality Meat Market.

Frank Bentley has erected a new garage on his property on Doran avenue.

A meeting of Grimsby Retail Merchants will be held in the Council Chambers on Monday evening, June 26th.

Rev. G. E. Morrow, of London, has accepted a call to the Winona and Fruitland charge of the United churches. He is expected the first of July.

Miss Myrtle Simpson of the local A. & P. staff has been transferred to St. Catharines and Miss Mary Krupa has been moved back to the Grimsby store from St. Catharines.

Carroll and Sharp have commenced work on the construction of the new water main in North Grimsby township west from Hagar's school to the Westworth county line.

Brock Snyder, Bill Schwab and Davey Alton were in Beamsville on Saturday bowling in the Niagara Frontier Bowling Association tournament and as usual the trio brought home the main prizes.

Reeve Charles W. Durham is up and about again after his serious illness and while not yet fully recovered he still will be able to preside at the monthly session of North Grimsby council on Saturday afternoon.

Building permits issued by the St. Catharines City Engineer's Department for the month of May were 51, totalling \$35,781. This included six dwellings at a total of \$19,520. The value of permits issued to the end of May totalled \$162,281.

Minister of Labor Charles Daley is to be appointed chairman of the Niagara Falls Park Commission, Premier George Drew announced last week. Mr. Daley succeeds T. H. McQueen, Hamilton, who recently resigned and other members of a new commission will be appointed later.

Charles H. Walker has greatly improved the appearance of the Culp home on Main east by the removal of the wooden fence that has surrounded the small front wall on top of the stone retaining wall, for many years, and by the placing of many freak and unique stones along the top of the wall in rockery style.

Town Assessor E. J. Muir is having his difficulties this year. So many properties are changing hands after he has already assessed them that he is having trouble keeping track of the changes. At present writing there are at least a dozen changes either made or hanging fire, information of which is unobtainable at the moment.

A commercial traveller parked his car on the green sward to the west of the Village Inn driveway on Monday evening. A few minutes later the brakes let loose and the car rolled across the sward and over the bank headed for the creek. Small trees stopped its progress from going completely into the creek. West End Motors wrecking crew pulled it out undamaged.

Hon. George Doucet, Ontario's Minister of Highways, met Friday morning with the special roads committee of Lincoln County Council, and the Suburban Roads Commission. Mr. Doucet was accompanied by his deputy minister, J. P. Marshall and H. C. Eaton, district representative for the Department of Highways. The visit was informal and was requested by Mr. Doucet who is visiting all county committees to discuss their problems and make a brief tour of their road systems for his own observations.

A. E. LePage's Cities Service garage is specializing in ambulance repairs these days. Twice last week the Chief's staff were called upon to help ambulance crews out of difficulties. First an ambulance

Famous for flavour since 1892 — the 'Salada' name assures you of a uniform blend of quality teas.

"SALADA" TEA

from Montreal after they had delivered their patient in the east end of the county experienced trouble and Alf soon had them started merrily on their way. Then on Friday an ambulance from Windsor had to be towed in off the Queen Elizabeth and it wasn't long until Sammy Stuart had her purring like a kitten.
